

TECHNICAL SPECIFICATIONS

- Cellular phone
- IP phone
- NFC
- RFID LF
- RFID UHF
- 1D/2D barcode reader
- Internet radio
- Video and audio player
- Photo and video camera
- Web cam
- Recorder
- Emails
- Text messaging
- Agenda
- Contact management
- FM receiver
- Autonomous GPS

GUARANTEES

1 year parts and labour,
2 and 3 years optional.

conceptnumérique^{inc}

création / conception / fabrication

• Superior charging autonomy (unparalleled)

• Totally dustproof and protected against the effects of immersion, up to 1 metre deep

• Extremely resistant to the hardest conditions

• 10.1 inch 1920 x 1200 FHD industrial 1200 CD/M2(NITS) Sunlight Readable

INDUSTRIAL DIGITAL TABLETS

**ONGOING
COMMUNICATION
BETWEEN MANAGEMENT
AND OPERATIONS**

**VALUABLE
EFFICIENCY GAIN
AND GREATER
POWER OF ACTION.**

No more need for paper. Decision-making information available to all stakeholders in real time

20 HOURS* OF CHARGE!

**A GAIN IN PRODUCTIVITY,
PROFITABLE OPERATIONS.**

Less time for charging the device means less work interruptions.

*In normal use. The brightness of the LED backlight must be adjusted to the work environment; maintaining the brightness at the maximum value will reduce battery life.

**SCALABLE
TO YOUR NEEDS**

Call us to discuss your specific needs:
